

UNITY® VIA PROGRESSIVE LENSES

Your lens for patients who want the best vision possible

Rated 2 to 1 over the leading progressive¹, only Unity Via Progressive Lenses have intelligent technology that makes them easy to fit and ensures your patients see their best at every distance.

ETHOS™ PROGRESSIVE LENSES

Your lens for current bifocal wearers and cost-conscious patients

Ethos Progressive Lenses provide the newest, most advanced technology in basic progressive design and are the ideal lenses for those who want the benefits of a basic progressive lens at a reasonable price.
